Members must use network pharmacies to receive plan benefits except in limited, non-routine circumstances when a network pharmacy is not available, including illness while traveling within the United States but outside of the plan's service area where there is no network pharmacy. An additional cost may be incurred for drugs received at an out-of-network pharmacy.

If an individual qualifies for extra help with the Medicare prescription drug plan, premium and costs at the pharmacy may be lower. Upon enrollment in the Aetna Medicare plan, Medicare will tell us how much extra help an individual is getting. An individual can obtain information on whether they qualify by calling 1-800-Medicare (1-800-633-4227). TTY/TDD users should call 1-877-486-2048.

Benefits coverage is provided by Aetna Life Insurance Company, a Medicare Advantage organization, with a Medicare contract and benefits, limitations, service areas and premiums subject to change on January 1 of each year.

You can receive covered services from any licensed doctor or hospital that is eligible to receive payment from Medicare, agrees to treat you and accepts the Aetna Medicare Open Plan private fee-for-service terms and conditions of payment. This product does not require a contracted network. You must be entitled to Medicare Part A and continue to pay your Part B premium and Part A, if applicable.

PLAN DESIGN AND BENEFITS

A Medicare Advantage Private Fee-for-Service plan works differently than a Medicare supplement plan. Your doctor or hospital must agree to accept the plan's terms and conditions prior to providing healthcare services to you, with the exception of emergencies. If your doctor or hospital does not agree to accept our payment terms and conditions, they may not provide healthcare services to you, except in emergencies.
