**About Community Impact:** Publisher John Garrett began *Community Impact* after recognizing the need for intelligently reported news covering northern Travis and Williamson counties, a region that is one of the fastest-growing areas in Texas. In September 2005, the first issue arrived in the homes and businesses of Pflugerville and Round Rock, bringing detailed maps of future toll roads and breaking stories about local hospitals. Now we have four other publications that cover Leander, Cedar Park, Northwest Austin, Georgetown, Hutto, Taylor and our newest addition, Southwest Austin.
