

Quick Reference Formulary - Texas Association of Counties Pooled Formulary

This document is subject to change. The most updated version of this document, as well as a complete formulary listing, are available at www.navitus.com or upon request. Drugs will be filled as generics when acceptable generic equivalents are available. This document is copyrighted by Navitus Health Solutions® and may be reprinted for personal use only. Reproduction of this document for any other reason is expressly prohibited, unless prior written consent is obtained from Navitus.

Reading the Drug List

Generic drugs are listed in all lower case letters. Brand name drugs are listed in all upper case letters. Each drug product is assigned a coverage tier, shown to the right of each drug product.

		Relative Cost to Member
Tier 1	Formulary generics and some lower cost brand products	\$
Tier 2	Formulary, brand products and some higher cost generic products	\$\$
Tier 3	Non-preferred formulary products	\$\$\$\$

Cases where drug products are followed by parentheses indicate that the entry relates to a certain dosage form, e.g. ESTRACE (vaginal cream) or more than one form of the drug, e.g. ZOMIG (ZMT). Quantity limits are for prescriptions filled at retail pharmacies. Please consult the complete version of the formulary for mail order quantity limits.

All newly approved drugs on the market will initially NOT be covered, pending further review by the Navitus P&T Committee.

A complete version of the Navitus Formulary, as well as information on prior authorization and clinical programs, are available at www.navitus.com
