

TDEM
THE TEXAS A&M UNIVERSITY SYSTEM

SUMMARY

Governor Abbott and the Texas Division of Emergency Management (TDEM) announce the open application period for the FEMA Hazard Mitigation Grant Program (HMGP) - FY2022 Post Fire. The application period is now open and will end on **November 1, 2022.**

FEMA's Hazard Mitigation Grant Program (HMGP)-Post Fire assistance helps communities implement hazard mitigation measures after wildfire disasters.

All entities seeking funding under this opportunity must have a FEMA approved Hazard Mitigation Plan at the time the project is submitted to FEMA for consideration and at the time an award is made except for projects to develop or update mitigation plans. An exception to this requirement may be requested on a case-by-case basis in accordance with [FEMA's 2015 Hazard Mitigation Assistance Guidance](#).

All applications must be received by TDEM through the [Grants Management System \(GMS\)](#) no later than **November 1, 2022 at 5:00 PM** to be considered for funding.

NOTICE OF FUNDING OPPORTUNITY (NOFO)

Hazard Mitigation Grant Program (HMGP): Post Fire Fiscal Year 2022

APPLICANT ELIGIBILITY AND STATE PRIORITIES

Eligibility

Eligible subapplicants include local governments and communities, state agencies, and private nonprofits may act as subapplicants for HMGP Post Fire if they own or operate a private nonprofit facility as defined in Section 102(11)(B) of the Stafford Act.

Priorities and Considerations

Funding will first be made available to the county, counties or burned tribal lands that received an FMAG declaration. A project may be outside of this area as long as the risk reduction activity benefits the declared county or counties (e.g., watershed mitigation). If funding cannot be used in the affected area, then it may be available statewide regardless of whether it benefits a declared county.

Available Funding

The available amount of funding will not be determined by FEMA until the end of the fiscal year based on the number of Fire Management Assistance Grants (FMAG) awarded. At the time of this announcement, approximately \$1.5 million is projected to be available understanding that the majority of the fiscal year remains were additional funds may be acquired.

TIPS FOR APPLICATION DEVELOPMENT

- Develop applications in a modular format with scaled deliverables and costs so that partial funding may be considered if the full project amount is not approved.
- Be sure to submit your application to all open HMGP application opportunities and select the "share my application" section of the application to increase the opportunities for project award.
- Demonstrate experience in managing grants as part of submission including understanding federal procurement processes and experience with FEMA's Hazard Mitigation Grant Program (HMGP).
- Contact your TDEM regional hazard mitigation grant coordinator/specialist early to assist with preparing a quality application.

PRIORITIZED ELIGIBLE ACTIVITIES

Wildfire Mitigation

- ✓ Defensible space
- ✓ Reducing hazardous fuels/standing burned trees
- ✓ Ignition-resistant construction

5% Initiative

- ✓ Installing warning signs

Infrastructure Retrofit

- ✓ Strengthen or harden water systems that were burned and caused contamination

Soil and Slope Stabilization

- ✓ Reseeding ground cover
- ✓ Planting grass to prevent the spread of noxious weeds
- ✓ Mulching with straw or chipped wood
- ✓ Placing logs/other erosion barriers to catch sediment on slopes
- ✓ Installing debris traps to modify road and trail drainage mechanisms

Post-Wildfire Flood Prevention and Sediment

- ✓ Modifying or removing culverts
- ✓ Adding drainage dops and construction emergency spillways
- ✓ Constructing straw, rock, or log dams in small tributaries to prevent flooding.

HMGP INFORMATIONAL SESSION

A virtual informational session for jurisdictions interested in applying for this funding opportunity will be held via Zoom on Friday, March 11, 2022, at 1:00pm. If you are interested, you can register at this link:
