**County Reinsurance, Limited (CRL)**

## **Inspection Hotline – EXISTING MEMBERS**

County Reinsurance Limited (CRL) has partnered with Hartford Steam Boiler Inspection and Insurance Company (HSB). HSB is responsible for conducting all State required boiler and/or pressure vessel inspections. If you require an inspection and have not been contacted by HSB before the object due date, please have contact HSB to schedule an inspection.

HSB has a 24-hour Inspection Hotline to receive inspection requests. Requests for urgent boiler inspections, air tank inspections, certificate inspections, new installations and/or authorization of repairs can be made through this single nationwide Inspection Hotline.

**Telephone Number: 1-800-333-INSP(4677)**

### **Information Needed:**

- **Please identify yourself as a member of County Reinsurance Limited**
- **Location Address** of facility to be inspected
- **Name and Phone Number** of contact at facility
- 
- **HSB Policy Number:** 2367832
- 
- **Other pertinent information:** Urgency of request, reason for inspection needed, Inspection out of date, etc.

After the call to HSB Hotline, someone from HSB will be in touch within 1-3 business days to formally schedule the inspection.

HSB has also assigned a dedicated Account Engineer to monitor jurisdictional inspection activity and handle any issues or questions a member might have.
